

Floor -3

1 – Ever considered another line of work?

2 – (You fight a Magic Sword. The reward is HRATHNIR, fantastic weapon)

3 – As you enter the room, you see a familiar figure rise, wave his arms and shout ... “MAPIRO MAHAMA DIROMAT” (and you’re TP to the Castle!)

Some new stuff:

Damien Stone

it casts TILTOWAIT but when it breaks, your character is Ashes (drop it)

Amulet of Skill

Grants 50000 exp points but it can turn into a nasty version and your character gets LOST!

(if you save your SAVE2.DSK file just before using it, just do that, and use the item once at a time, saving your file again when you’re sure that it’s ok, until you have to get rid of it)

Rod of Flame

Protects its wielder against fire damage. Can also cast MAHALITO

Staff of Light

it casts LOMILWA indefinitely, much better weapon than the normal Staff

Mace of Poison

Very good mace, poison resistance (which is important in this game), bonus damage like a Slayer weapon.

Ring of Healing

Regenerates your HP over time. Doesn’t need to be equipped

Magic Charms

it casts MONTINO, any class

Garb of Lords

for Lords only, good AC reduction, can heal party when invoked but can break

Winter Mittens

AC-3
