

Floor -9

Chute! (going down to Floor -10)

Inscribed on an ornate gold plaque is a message. The script is ornate, and blinks in various colors: “You are trespassing on the domain of **Werdna** There is no possibility that you can get past my guardians! So sure am I of my defenses that I give you this clue: “CONTRA-DEXTRA AVENUE” PS-TREBOR SUX!

(This is Latin for “Do not take the right passage”. It’s a hint for Floor -10 where in each room you will find a teleporter to the left which takes you to the next room and a teleporter to the right which takes you back to the start)
