

Derelict Castle level +4

1 – Here is a nice notice: “Come on in all, and keep straight on.” (The door turns into a wall)

2 – You’re standing in front of a doorway, above it hangs a notice: “Entrance allowed only for the Lord of the castle.” (Use caught vampire) A blast of air whips through the room.

3 – You’re standing in front of one of the many altars in this castle. A sword lies on top of it. You find a weapon: **Blade of power** (same one as in Thyn, restores HP when equipped)

4 – You hear a door falling into the lock (the unlocked door locks)

5 – **A glittering emerald lies at the bottom of a deep, silver wash-basin, out of reach without help. (Use Ladle) You obtain the emerald with the use of the ladle. You find something special: The Emerald.**
