

To transfer your characters from Wizardry 1 to Wizardry 2:

- In the Wizardry 1 folder there are only 3 files WIZ1.COM, WIZ1.DSK, SAVE1.DSK
- Your team of characters should be saved on SAVE1.DSK

- In the Wizardry 2 folder there are only 3 files WIZ2.COM, WIZ2.DSK, SAVE2.DSK
- You must copy SAVE1.DSK from Wizardry 1 to the Wizardry 2 folder
(or you can put the 6 files in the same folder so you don't move anything)

- Then type wiz2 to launch the game in DosBox
- (M)ake a Scenario disk
- Type Yes to erase data
- Press Return to get back to the menu
- (S)tart the game
- (E)dge of town
- (U)tilities
- (M)ove characters

And you should see your characters from Wizardry 1.

Select them, press Return and they are moved.
