

Derelict Castle level +3

- 1 – You're at the foot of a bridge that connects the two towers.
- 2 – A living room, probably that of the alchemist.
- 3 – A few slips of paper on this table prove that the alchemist is trying to turn gold into lead.
- 4 – You find a tool: **Golden key**
- 5 – The dusty shelves contain a number of books about magic and alchemy.
- 6 – An indefinable liquid boils in the cauldron. Who wants to drink (1-6)? (**poison**)
- 7 – You come across the laboratory of an alchemist, a cauldron is suspended over a fire in the middle.
- 8 – This washroom smells of chemicals, green clouds of steam rise from an alchemistic piece of soap.
- 9 – A notice warns: "Warning. Just polished!"
- 10 – Here is a bucket full of sand. You find a tool: **Bucket of sand**
- 11 – **Hole (You fall down to level -1, square 35)**
- 12 – The ground seems to be as slippery as ice. (**Use the Bucket of sand**) The ground becomes dull and walkable.
- 13 – (**If you don't use the Bucket of sand**) you slip to square 14
- 14 – Arrival point from slipping at square 13
